

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 8, 1996

SUBJECT: **SB 1960 - HB 3042**

This bill, if enacted, will allow the court, when establishing a child support order, to consider the obligor's payment of support for any and all other children, even if such support is voluntary.

The fiscal impact from enactment of this bill is estimated to be an decrease in state revenues to the AFDC program. The total amount of child support payments awarded is estimated to decrease resulting in a loss of child support reimbursements to AFDC. Since the number of orders affected and the amount of child support ordered is not known the amount of the decrease in revenues cannot be determined but is estimated to exceed \$500,000.

The fiscal impact is also estimated to decrease revenues to local governments for court clerk fees collected on child support payments . The amount of the decrease cannot be determined but is estimated to exceed \$100,000.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
